## Principal Messages

### Presentation Day

On Monday, we will have our adjusted and COVID safe Presentation Day at Moulamein Bowling Club. Notes have gone home and must be returned Wednesday (not Monday). We need administration time for parent attendance and each student is able to have only 2 guests per student. Ensuring these protocols are followed, means parents and guests can attend. Please ensure your notes are returned as soon as possible. You will need to sign on and have a ticket to enter. Children not attending school accompanying an adult must also have a ticket. We hope parents and guests appreciate the effort staff at our school are going to to ensure guests can attend. Meg and Rhys, as School Captains will be hosting the rolling event.

Important: If you are feeling unwell on the day and have any symptoms of COVID-19 you must remain at home and not attend this event.

### Year 6 Graduation Dinner

We are set to go ahead with the Year 6 Graduation Dinner in Week 9. To go ahead we need to put COVID safe practices in place. This means each student will be able to invite 5 people. Year 5 will not be joining the celebration as they did in previous years and staffing numbers will be limited to enable more family members to go. Please ensure that notes and payment for the dinner is returned by the given date on the note that will go home today.

Important: If you are feeling unwell on the day and have any symptoms of COVID-19 you must remain at home and not attend this event.

### Colour Run

On the last day of school we will be having a Colour Run as a fun activity for everyone. All students will need to wear a white t-shirt so the dyes show up. Parents must supply students with a shirt and students are welcome to wear sunnies. Powder is made from cornstarch so is entirely safe to use. We will also have the sprinklers on, so it is set to be a fun day!

## Who is on the naughty and nice list?

Some mystery person left a note on our office door. Names are definitely removeable for each column and can change at any stage. Some staff are hoping this might happen soon. The students are very entertained by this list!

## Cricket with Mrs Wilson!

Cricket is one of those sports that teaches many skills that are commonly used in a number of sports. Hand-eye coordination, throwing or catching a ball, balance, striking and planning. Many of our Stage 3 players have become really strategic and developed great skills over the last few semesters. We have seen their fielding skills improve immensely. Picking the ball up quickly and efficiently and throwing the ball at the wickets are the other skills required to be a good fielder. Brett has also been lending a hand with cricket as a former Milo cricket coach. So now that cricket is on the television over summer, there may be some interested students!

## News from Year 6

A few weeks ago Year 6 attended a Glass Art Workshop with Mrs Gibson and feel very grateful for this opportunity. Yesterday a second workshop was held and students have made an optical illusion plate, Christmas decoration and other fused glass plates. It was such a wonderful experience and I would like to thank Kathy Gibson for her expertise and warm welcome to her studio. When everything is out of the kiln we will share some photos.

## News from Year 1/2

Last week, students in Years 1 and 2 finished some work on fractions by creating fraction hats. The students loved displaying their knowledge through the playground at recess and lunch.

The students enjoyed creating these artworks using warm and cool colours.

### Dates ahead for 2020 & 2021:

- 10<sup>th</sup> December – Kindergarten Transition
- 1<sup>st</sup>-2<sup>nd</sup> December - Barham High School Transition
