2022 Term 2 Week 6

In this Issue:

- ♦ P&C News
- ♦ Medical & Personal details
- ♦ Congratulations Noah!
- ♦ District Cross Country
- ♦ Restorative Practices Workshop
- ♦ Book of the Week
- ♦ Robotics Fun!

Principal Messages - Jennie Wilson

P&C News

Thank you to those parents who attended our AGM P & C Meeting last week. I would officially like to thank the outgoing P & C members and congratulate those who were willing to take up a new position on the committee. Not all positions were filled and we would love to be able to fill the last position, which is the Secretary position. If you are interested in the Secretary position, please let Jess or Koralynn know, otherwise you could also contact me at the school.

President- Jessica Treloar

Vice President- Koralynn Dodds

Treasurer-Simone Prentice

Secretary- VACANT

Uniform Shop- LeeArna Main

Canteen- Margie Daleon

Media- Due to the lack of volunteers, I have volunteered to help the P & C with communication notices and notes. Colleen, Penny and I will assist the P & C in this area this year to ensure we can get things up and running. If anyone would like this role, please contact Jessica, Koralynn or the school office.

The new members would like to action a fundraiser to support the costs of the school camps. For those parents who have paid ahead, refunds can be given once the fundraiser and transfer of funds is complete. I would like to thank LeeArna for securing a property for a wood chop. A good woodchop, with many hands will be able to offer a very good subsidy for the excursions. Finer details will be sorted out at the next P & C meeting.

Could everyone please save the date to help out!

Save the Date!

P & C Fundraiser

Saturday 2nd July

WOODCHOP

If anyone is interested in joining the P & C, we would love more members! Please come to the meetings. The school is very happy to have a P & C and we are looking forward to working with members.

Canteen

We are currently in the process of re-registering the canteen menu because we have Margie, willing to help run this for us. We need to go through the menu and have it approved before canteen can restart. A huge thank you to Margie for taking on this role. It can only operate if we have enough volunteers though. It now takes at least two people in the canteen for it to run due to our rising enrolment. More details will come about the canteen. The canteen is very popular and all parents are wanting it to start again, but it will only be successful if parents can assist. We also welcome grandparents and extended family members to help if they are available. Community members are welcome to assist as well. All canteen volunteers need to complete two forms before working in the canteen. This can be done at the school office.

Medical and Personal Details Update

If your phone number or address has changed please ensure the school knows your new details. We also want to remind parents that if your child has a new medical condition it is important to let the school know. Please contact the school office with your changing details.

Congratulations Noah!

A huge congratulations to Noah Pearson who represented our school as part of the Riverina AFL Championship team at Coffs Harbour and a big thank you to his parents for supporting him on the journey. The Riverina team were on a winning streak and won all their games up until the semi-final.

District Cross Country

Last Wednesday, Mrs Mertz and Miss Wilson attended our district Cross Country in Wakool with our team. It was such a great day for our Moulamein students! Our first four place winners from the district level are invited to attend Gundagai Regional Cross Country and notes will go home this week about the event. Congratulations to all our students and a great effort on your placings girls!

First Place for Tarlia and Paige!

First place for Mila and second place for Harper!

Second place for Ebony!

Happy participants!

Restorative Practice Workshop

Restorative practice is a whole school teaching and learning approach that encourages behaviour that is supportive and respectful. It puts the onus on individuals to be truly accountable for their behaviour and to repair any harm caused to others as a result of their actions. Last week, over 35 students, teachers and school leaders from the Deniliquin region attended a Restorative Practice Workshop at the our school. Tarlia, Jazmyn, Mrs Mertz and I spent the day with other schools at the workshop.

A restorative approach focuses on building, maintaining and restoring positive relationships, particularly when incidents that involve interpersonal conflict or wrongdoing occur.

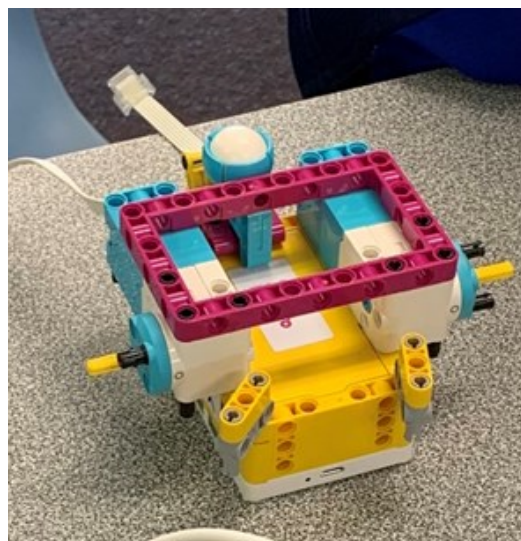

I would like to thank Andrew Scott for his catering for this large event at the school and Kylie Tink for helping.

Robotics is so much fun!

Students in 3/4 and 5/6 have been busy building LEGO objects following a set of steps. Then they code their inventions to follow a sequence of instructions. Students are also learning to work as part of a cooperative team.

Next Week! Musica Viva band, Moon Radio Hour will be here to perform their concert.
