## **2023 Term 4 Week 2**

### **Principal Message**

Term 4 has started smoothly and we are all in our classrooms learning and participating in new units of work. We have several activities coming up which include:

- Swim School
- Water safety classes
- Art exhibition at Moulamein Art Gallery
- Glass Art Workshops
- Lino Printing Workshops
- K-2 Excursion to the Pioneer Settlement
- Various High School Transitions
- Kindergarten Transition to school program

### **Wellbeing Grant Secured!**

Students have been accessing our Breakfast club three days a week and we are pleased to announce that the school secured a grant to fund the program for the next 4 years! Wellbeing funding is used to pay for Breakfast Club staffing, and it is fantastic that we can secure this for our families for the future.

### **Studying Sydney Harbour through Visual Arts**

Students in Year 3/4 have been learning about the artist Ken Done and his love of Australia through his art over the years with Mrs Wilson. They have studied the Sydney Harbour artworks and learnt about the ferries, Opera house, Sydney Harbour Bridge, Farm Cove, Botanic Gardens and other features. Students use the colours, style and ideas of Ken Done and produced their own fantastic artworks.

### Tennis for Term 4 Sport in Years 3-6

Students in Year 3-6 will be participating in tennis coaching this term. Technical elements of the main tennis strokes will be taught across the term and students will be participating in drills to improve their footwork, hand-eye co-ordination, movement and racquet skills.

## Get Ready for Swimming

Students in Year 3-6 will be starting swimming and water safety classes soon at Moulamein swimming pool. We are giving parents notice so that they can provide goggles, rash vests, swimmers and a towel. If students own a light wetsuit they are welcome to wear it if they can get it on and off by themselves.

## Term 4 - Save the Dates

- |   |  |
|---|--|
| ⇒ 19 <sup>th</sup> October                | Kerang THS Yr 7 Transition                       |

## News from K/1

Kinder and Year 1 are learning about the physical world in Science and Technology this term. In Week 1 they investigated push and pull forces in our playground.

As you can see, they found lots of them.

We push and pull a wobbly tooth.

We push and pull on the bell rope.

We pull on the rope to make the flag go up and down.

We pull the lid off and push it back on.

We pull on the hose.

We push and pull the sliding door.

We push and pull the lock backwards and forwards.

We pull our foot down the boot scraper.

We pull the lid up then push it down.

We push and pull to turn the naughts and crosses.

We push with our feet and pull with our arms.

We pull down with our arms and push our body forwards.

We push with our feet and pull with our arms.

We push and pull on the truck door.

We push and pull to turn the steering wheel.

We pull the door open and push it closed.

We push down on the bubbler.

We push with our feet and pull with our arms
