2023 Term 4 Week 5

Principal Message

A few weeks back, Ebony participated at the State Athletics carnival in high jump. Students were able to log on-line to watch part of the event, along with excited staff. Ebony achieved a personal best and we are very proud of her efforts, representing the Riverina district as well as our school.

Art Exhibition- All Welcome!

Over the next four weeks students will be completing art workshops and extra lessons in preparation for the school art exhibition in Week 7, at the Moulamein Art Gallery. All parents, carers and community members are encouraged and welcome to attend. An invitation will be going out soon after we confirm the time and day with the gallery. The invitation will also be placed in the WONGI next week. We will be having a BBQ sausage sizzle for attendees and also be asking for donations. It will be held in the evening and prizes will be given out to students as well. Obviously, this is something I am looking forward to because I have been working with the Year 3-6 students (along with Mrs Gibson with her glass art workshops) over the last two terms to ensure that we have quality work from our students to display. K-2 teachers have also been completing artworks to display.

Our resident Blue Tongued Lizard

Don't be alarmed if you hear a rustling noise at the office steps. Our resident Blue Tongue lizard has awoken with the warm weather. He tends to frighten people as they walk up the stairs.

P & C Meeting and Cook book

P & C meetings are every term in Week 3 and 7 at 3.00pm in the school staffroom. All parents and citizens are invited to attend. We are currently working on fundraising ideas and working together to support families with excursion costs. One project we have coming up is publishing a Moulamein School cookbook. We can start collecting family recipes now! If you have a favourite family recipe/s you would like to share, please drop them off at the school office and we will collate them for the P &C.

Canteen

Presentation Day & Performance- Please note change of date

We have had to change the date of Presentation Day due to unforeseen circumstances, to the 11th December, Monday Week 10. All classes will be presenting an item on the day and we are looking forward to seeing our students showcase their items.

Music Students

Some students would like to perform at our Presentation Day, so we would like to encourage students to continue to practise at home each week. Parents are asked to encourage this as well. Thank you for your support.

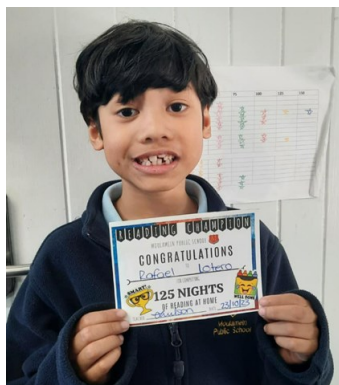

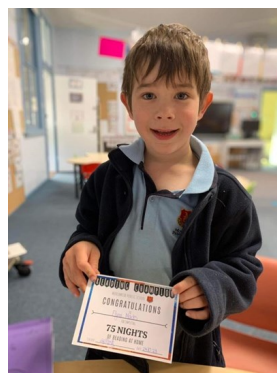

Cooking Program

Students in Year 4-6 will be invited each week to be part of a fun cooking program with our wellbeing officer, LeeArna. They will be cooking in our wonderful kitchen and helping to make items for events and canteen. This is a Term 4 activity, provided as a reward for students who have been working hard in class and would enjoy this opportunity. Students will rotate in and out of the kitchen over the term for a variety of reasons. This is a very motivating and popular reward!

Commitment to Learning!

A big thank you to parents and carers who continue to support home reading, sight word knowledge and homework. Reading at home has so many benefits and our students are still continuing their learning journey at home this term. Congratulations to our recent winners and here are some of our supper stars!

Moving for 2024?

As you know we are a small school and rely on accurate student numbers to staff our school with the budget we have. A few students have mentioned that they are relocating over the Christmas holidays, which may or may not impact our teacher to student ratio. It also impacts administration time and allocation if our numbers drop below a certain point. If you have plans on relocating, could you please let us know in the office or email me on jennie.wilson@det.nsw.edu.au. This will be kept confidential and we would appreciate your assistance in this matter. We will definitely miss any student and family at Moulamein, because we do feel like a big family.

Jennie Wilson - Principal
